Composer Notes

We are all called to the ministry of evangelization by virtue of our baptism. Nowadays, many people in our society confuse evangelization with the “evangelism” we often see in our media. The end goal of evangelization is not “to convert,” but to simply share our faith and passion for Christ with other people. We can do this through our words, but it is best seen through our actions and by simply doing what Christ commanded us to do. When we act out of Christian love and genuine concern, other people become drawn to the Christian message while those who have left the church seek to return.

Our liturgies should foster this enthusiasm and instill in us the same gospel zeal that the apostles experienced when they were sent out into the world to proclaim the good news. “With One Voice” is a sending forth song that falls under this umbrella of Evangelization. It is contemporary in style, specifically written for the hymnal Spirit & Song.

The music ministers need to lead the assembly with great enthusiasm and energy. Sing and proclaim this song as if sharing your faith and love for God is an important aspect of your life. Do not rush this song, but keep a steady moderate tempo throughout, allowing the words to come alive in your hearts and in your voices. Also, make a note that the entrance in the first measure on page 9 is slightly different than what had been previously sung. If you wish, take advantage of the “off-beat clapping” during the final refrain. By singing this song with confidence and passion I guarantee the Holy Spirit will do the rest!
