Performance Notes

"Go Forth" is a recessional song which fits into the missionary character of the Easter season. This is at the heart of mystagogy wherein our Christian identity becomes deepened: our faith in the Risen Lord propels us forward in announcing the Good News to all nations. This song could be sung throughout the Easter season, including Ascension Thursday. It is also an appropriate choice for ordinations, commitment rites or other liturgical events that celebrate discipleship and missionary activity.
