Verse 1

In the desert of my soul, I can feel my spirit groan

as I wait for you.

desolate the sound, as my dry leaves hit the ground,

and a cold wind blows.

Peace, be still; peace, be still.

Refrain 1

Your love is like water I can't live without.

Your mercy flows freely in my season of doubt.

O God, it's your love

I can't live without.

Verse 2

Restless and afraid, I reach out and call your name.

Can you hear my cry?

Thirsting for your strength: will you stoop and carry me?

Lord, my faith's run dry.

Peace, be still; peace, be still.

Refrain 2

Your love is like water I can't live without.

Your mercy flows freely in my season of doubt.

O God, it's your love

Bridge

Just like the deer that longs for streams that never dry,

my soul in stillness waits for you to satisfy.

Your love, my life sustains; there's freedom in your rain.

In sorrow and in pain, I praise you.

Refrain 3

Your love is like water I can't live without.

Your mercy flows freely in my season of doubt.

Your love is like water I can't live without.

Your mercy flows freely in my season of doubt.

O God, it's your love

I can't live without.
